

Scan a what3words address

1. Tap the scan icon  in the search bar at the top of the screen.

2. Point your camera at the what3words address. Make sure it sits in the scanning window.

Hold still for a few seconds, giving it time to scan the address.*

3. Tap the correct what3words address.

*N.B. This is a new feature that we're still refining and improving. It currently works best with serif and sans-serif typefaces.
